5. CLASSES:

5.1 The committee will decide in which class a rider will ride. A new rider will be allocated to a class after race 1. This will be based on his/her best lap time in qualifying and race 1. Should he be deemed too fast for the Brunch Run in Qualifying or official practice he will be moved to the ThunderBikes.

a. A rider must be capable of lapping Zwartkops faster than 1:24.00. Riders that are slower than this lap time are encouraged to attend more track day sessions before entering Brunch-Run.

5.2 The class times are as follows:

Zwartkops		
Class		Time
A	from	01:10.01
	to	01:11.99
B	from	01:12.00
	to	01:13.99
C	from	01:14.00
	to	01:16.99
D	from	01:17.00
	to	01:19.99
E	from	01:20.00
	to	01:23.99

The lap times for each class at non-Zwartkops events will be determined by the committee and communicated to the riders before qualifying at the event. If a rider exceeds the class lap time point 5.5 applies.

Only points scored in classes A-E will count towards the overall championship.

5.3 If a rider changes motorcycle to a different make or cc and/or significantly modifies his/her existing motorcycle then the rider may be re-classed based on the lap times achieved as per rule 5.1, The onus is on the rider to inform the committee if he/she has changed motorcycle or significantly modified his/her existing motorcycle.

5.4 If a new rider joins Zwartkops Brunch Run at a non-Zwartkops event the committee will allocate the rider to a class based on the lap times achieved by the new rider in qualifying and race 1. (Class Allocation only after race 1) Should he be deemed too fast for the Brunch Run in Qualifying or official practice he will be moved to the ThunderBikes.

5.5 A class change to a higher class will take place at the next event (unless point 5.6 applies), if during the same season a rider breaks his/her class time by lapping faster in **any session** (qualifying, race 1 and race 2 will be defined as one session). If a rider exceeds the class lap times in at least 1 lap in a session, then the rider will automatically move to a higher class at the next event (unless clause 5.6 applies).

5.6 If a rider breaks his/her class time but has already participated in 7 events of the season (and provided the rider does not change motorcycle), the rider will not move up to the higher class and will remain in his/her class for the

remainder of the season. Example – A rider has competed in events 1 through 7 (i.e., 7 events) and at the 8th event this rider breaks his/her class time, rule 5.6 will apply and this rider will not move up a class.

5.7 A rider may apply in writing to the Brunch Run Committee to be re-classed if the rider has changed to a smaller capacity motorcycle and/or a different make of motorcycle. The committee's decision is final.

5.8 Lap times achieved in Brunch-Run, and ThunderBikes will be taken into account for Brunch Run allocation.

5.9 Official Lap times from any other series/ club race will be taken into account to move a new rider into another class, should the rider be found quicker than he/she is in their current class. The committee's decision is final.

5.10 If a rider is a first-time rider in the Brunch Run and exceeds the class A lap time in qualifying, the rider will not be allowed to compete in the Brunch Run. If a first-time rider does a lap time one second faster than the Class A lap time in the race, then this rider will receive a 30 second penalty which will be added to his/her race time. This will be added per race that the lap time is exceeded.

5.11 Riders that break out of class A (as per point 5.5) are encouraged to race in Zwartkops ThunderBikes. A rider that breaks out of class A (as per point 5.5) will no longer be eligible to enter Bridgestone Challenge for the remainder of the season. A rider will carry his/her overall and class points into Zwartkops ThunderBikes but with the reduced percentage as per rule 6.3), if he/she breaks out of class A, based on point 6.3.

Although points will be scored on a per race basis, trophies are awarded on the combined race times of race 1 and race 2 (or race 3 in the event that there are three races on a day). Trophies will be awarded at the discretion of the promoters. Riders are urged to enter early for each race before trophies are ordered.

9. SPECIAL GUEST RIDERS:

Anyone is eligible to enter.

- 10. Jump starts:** a jumpstart is penalized by a 30 second time penalty added to the overall time of the rider for the race.
